EIFS is an acronym for Exterior Insulation and Finish Systems. The product is also called synthetic stucco and refers to a multi-layered exterior finish that's been used in European construction since shortly after World War II when contractors found it to be a good repair choice for buildings damaged during the war.

What is EIFS - Synthetic Stucco?

Base Realignment and Closure (BRAC) BRAC is a process used to close excess military installations and realign the total asset inventory in order to save money on operations and maintenance.
